Newark, N. J.

Dear Sirs:

This is to confirm telephone conversation, kindly stop payment on check written a few weeks ago made payable to the N. J. Urban League in the sum of two dollars(\$2.00). This check was made on Mr. Manley's personal account and counter signed by me.

My reason for stopping payment is this: This check was mailed to the Urban League for reservation to a dinner held on May 5th. I have been informed by the Secretary that the check in question has never been received, therefore, I should have the Bank to stop payment on same.

Yours very truly,
